

***The Don L. Brumbaugh
Memorial Equipment Scholarship
\$1000.00***

The Sonotronics Equipment Scholarship was launched in 2005 to commemorate Donald L. Brumbaugh's pioneering work in the development of fisheries and wildlife biotelemetry technologies. The scholarship is intended to aid students using ultrasonic telemetry in fisheries research projects.

Details pertaining to the Sonotronics Equipment Scholarship:

- Project must be related to fisheries and/or aquatic animal management
- Applicant must be a undergraduate or graduate student in a fisheries related discipline
- Scholarship award is not a monetary award but a grant for Sonotronics equipment
- Chosen applicant will be notified by phone, mail, or email

Criteria for scholarship selection:

- Clarity and relevance of project goals
- Clarity and relevance of proposed project methods
